

To Whom It May Concern:

We would like to request permission to remodel my family's old guesthouse. The past 2 years we have used the guesthouse for a workshop and storage, We would now like to remodel and update the house. The last time it was remodeled was in the late 1950's when my parents lived in it for a few years after they were married. The guesthouse/workshop has been in use by my family or servants since the 1920's. When I bought the property from my Uncle I removed the kitchen and turn it into a workshop. We designed the new house with a large garage and storage area for my new workshop. We would now like to remodel the guesthouse for our families to use. The guesthouse is hooked to sewer, has running water and even it's own 911 street address of 710 Patrick's creek rd. I have also attached a copy of the floor plan for your approval. If you have any questions please do not hesitate to call me 757-869-3817.

Sincerely,
